

Role: Health and Wellbeing Officer
Location: Leamington Spa, Warwickshire
Category: Charity
Sector: Voluntary Organisation
Salary: £11.00 per hour for 25 hours a week to include 10 hours Triple Link [Dementia Services]
Position: Permanent

Brunswick Hub is a modern, local, community resource providing services connected to health and well-being to the people of Leamington Spa. We deliver a range of services relevant to the needs of our community which enable people to improve their economic, social, health and wellbeing outcomes. Through partnership working the Hub acts as a holistic venue, offering services to the community addressing health and wellbeing issues in their widest sense.

Brunswick Hub is committed to identifying areas of need and developing services to address these needs. Partnership development and collaborative working are fundamental to the way we work within the community.

The Hub has a welcoming and vibrant feel with accessible space that includes meeting rooms, a large hall, office and outdoor spaces, and a small kitchen serving a café. Brunswick through its services, provides opportunities to improve the general wellbeing for communities in areas of social and economic deprivation, in particular, Leamington Old Town and Warwick District.

Due to our recent restructuring programme we are seeking a creative and dedicated individual to deliver a portfolio of health and wellbeing projects and informal education in line with the mission and ethos of Brunswick Hub. These will aim to improve life choices and encourage behaviour change and address areas of inequality aligned to the Health and Wellbeing agenda in Warwick District.

Closing date for Applications: 09:00 am Monday 17th September 2018

Interview Date for successful Applicants: 26th September 2018
